No. 3,884

### EXCELLENCY:

I have the honor to refer to the Embassy's note 697 of October 13, 1942,<sup>1</sup> and to the Memorandum Agreement between Mexico and the United States pertaining to the cooperative project of the Mexican Weather Bureau and the United States Weather Bureau under the program of the Inter-departmental Committee on Cooperation with the American Republics. The Ministry in its note to the Embassy No. 59195 of November 10, 1942,<sup>2</sup> informed the Embassy that the Ministry of Agriculture agreed to the terms of the Memorandum and understood that the agreement was to be effective until June 30, 1945.

As the Agreement now in force will expire June 30, 1945, the Embassy is instructed to approach Your Excellency's Government with the view to effecting an extension of the Memorandum Agreement for another three year period, i.e. from July 1, 1945, to June 30, 1948. The continued performance of the Agreement on the part of the United States Government is, of course, dependent on the appropriation of the necessary funds by the Congress of the United States.

I should be happy to transmit Your Excellency's reply to this communication to my Government.
