NOTE VERBALE

The American Embassy presents its compliments to the Royal Ministry of Foreign Affairs, and has the honor to state that in an endeavor to bring about stricter control of the illicit traffic in narcotic drugs the Treasury Department of the Government of the United States has requested that an effort be made to establish closer cooperation between the appropriate administrative officials of the United States and certain European countries and desires that an arrangement be made for—

(1) The direct exchange between the United States Treasury Department and the corresponding office in the foreign country of information and evidence with reference to persons engaged in the illicit traffic. This would include such information as photographs, criminal records, finger prints, Bertillon measurements, description of the methods which the persons in question have been found to use, the places from which they have operated, the partners they worked with, et cetera.

(2) The immediate direct forwarding of information by letter or cable as to the suspected movements of narcotic drugs or of those involved in smuggling drugs if such movements might concern the other country. Unless such information as this reaches its destination directly and speedily it is useless.

(3) Mutual cooperation in detective and investigating work.
